DETERMINATION OF NONSIGNIFICANCE (DNS)

Name of Proposal: DNS 14-029: PEARRYGIN LAKE ACCESS AREA RENOVATION

Description of Proposal:

The project involves renovation of an existing WDFW boat launch ramp and access site on Pearrygin Lake. The existing concrete ramp has been buried and will be replaced with a new ramp. This public access is currently open and operating but repairs are necessary to provide continued use. The proposed project will involve the following:

- Grading and raising the elevation of the top of the ramp and the launch area by about 6 inches;
- Replacing the existing boat ramp with a 12 x 40-foot concrete plank boat ramp;
- The ramp will be bedded in a 6 inch pad of crushed rock;
- Install a 5' to 8' wide Armor flex concrete mat at the bottom, middle and sides of the ramp to protect the ramp from erosion and undermining;
- Replacing signage for access information;
- Placing gravel surfacing in the launching area; and
- Placing large boulders around the sides of the launch area to define the boundary.
