Cindy and Terri,

Thank-you for reviewing the Sprague Lake Boarding Float SEPA Checklist. Your concerns on wetland issues are certainly warranted and WDFW has been in contact with David Moore since December 2014 for this project. To date a wetland delineation has been performed and was reviewed by David for completeness and accuracy. WDFW will continue to consult with David as well as Jeremy Sikes on wetland issues as this project progresses. Thanks again,

Marty Peoples
