DETERMINATION OF NONSIGNIFICANCE (DNS)

Name of Proposal: DNS 15-038: PIONEER PARK PARKING IMPROVEMENTS

Description of Proposal:

The project proposed for Pioneer Park would improve the western portion of the parking area by adding 36 vehicle spaces (net increase of 29 spaces). Foot trails are proposed to realign around the new parking. A set of interpretive panels is also planned for the visiting public. Project planning has been done to minimize environmental impacts wherever possible. The portions of new pavement, for instance, are specified to be outside of the wetland buffer. Other environmental considerations were considered and are part of the narrative in the SEPA checklist answers.
