EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule is needed to close salmon fishing in the Snake River. Based on angling effort and harvest rate of spring chinook in the Snake River, continuing this fishery would likely exceeding allocation. There is insufficient time to adopt permanent rules.
