I am against treatment of all the lakes under SEPA No. 19031. If it is true, that sunfish and perch have been “illegally” put in these lakes, then maybe that is what the people want. Treatment for the purpose of stocking trout is a waste of time and money that WDFW has little of right now. I find your 10,000 fishing trips per year to Burke lake extremely optimistic.

Thanks, Danny
