EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This regulation is needed to ensure an orderly fishery, manage the fishery within court-ordered sharing requirements, and ensure conservation. Harvestable amounts of spot shrimp are available in Marine Areas 4 (east of the Bonilla/Tatoosh line), 5, 6, 7 West and Marine Area 12. In addition, harvestable amounts of non-spot shrimp are available in several Marine Areas, and the depth restrictions and area closures are in effect to protect spot shrimp consistent with signed management plans. There is insufficient time to adopt permanent rules.
