EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: There is sufficient quota to open recreational halibut fishing for an additional all depth fishing day in Catch Record Card Areas 1 through 10. Opening another day will provide recreational anglers additional opportunity to catch the remaining sport quota. This rule conforms to federal action taken by the Pacific Fisheries Management Council, International Pacific Halibut Commission and National Marine Fisheries Service. There is insufficient time to adopt permanent rules.
