EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule is necessary to require the release of pink salmon in Catch Record Card Area 8-1. These measures are necessary to protect returning Skagit River pink salmon, allowing more fish to reach spawning grounds. Early season abundance indicators confirm that the return is below harvestable levels, escapement goals are not expected to be met. There is insufficient time to adopt permanent rules.
