

Summary

Meeting dates: October 18 - 19, 2019

Agenda item: Tumwater Falls Facility – Briefing and Tour

Presenter(s): Eric Kinne, Hatchery Division Manager
Tim Burns, Capital and Asset Management Program Director

Background summary:

The Tumwater Falls facility renovation project is a component of the Deschutes Watershed Center capital project. The project consists of constructing new adult/juvenile rearing ponds, pollution abatement pond, construct a new surface water intake, modify the existing fish ladder, and provide a public fish viewing area.

The construction of the project is currently 85% complete with an anticipated completion at the end of October 2019.

Department staff will brief Commission on the Tumwater Falls Facility project followed by a tour of the project site.
