EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is necessary to close the Puget Sound commercial sea cucumber fishery in sea cucumber Management District 2-1 (23A, 23C, 23D, 29) and increase the weekly trip limit in Management District 1 (20A, 20B, 21A, 21B, 22A, 22G). The quota for sea cucumber Management District 2-1 is expected to be reached by Sunday October 6, 2019. A harvestable surplus of sea cucumbers remain in Management District 1. There is insufficient time to adopt permanent rules.
