**Re: Gustafson Grass Carp  
File# 19-053, Ecology SEPA# 201905283**

Dear Lisa Wood:

Thank you for the opportunity to provide comments on the **Gustafson Grass Carp**. Based on review of the State Environmental Policy Act (SEPA) checklist associated with this Project, the Department of Ecology (Ecology) has the following comments:

There are no contaminated sites on Ecology's database within a 1-mile radius of this location.

It would be helpful if the application included a map figure showing the location of the pipe that carries overflow from the pond into the woods so it demonstrates that the destination is not a critical area.

Thank you for considering these comments from Ecology. If you have any questions or would like to respond to these comments, please contact Heather Vick from the Toxics Cleanup Program at (425) 649-7064 or by email at [heather.vick@ecy.wa.gov](mailto:heather.vick@ecy.wa.gov).

Sincerely,

A handwritten signature in blue ink that reads "Katelynn Piazza".

Katelynn Piazza  
SEPA Coordinator
