### Friday, October 18, 2019

Chair Carpenter called the meeting to order at 8:31 a.m.

#### **Call to Order**

##### **a. Commissioners' Discussion**

No general discussion was addressed with the Commissioners.

##### **b. Meeting Minute Approval**

The Commission considered approval of the minutes of the September 13-14 Commission meeting and September 27 conference call.

**Commissioner Thorburn moved, seconded by Linville to approve the minutes of the September 13-14 meeting as presented. Motion passed.**

**Commissioner Thorburn moved, seconded by Vice Chair Baker to approve the minutes of the September 27 conference call as presented. Motion passed. Commissioner Smith and Commissioner Linville abstained.**

##### **c. Committee Reports**

Commissioner McIsaac reviewed the draft meeting summary notes of the October 1 meeting of the Columbia River Policy Review Committee (PRC). The PRC is striving to reach a recommendation at their November 18 meeting, including creating a fact sheet addressing general public misconceptions. If a recommendation is reached, it has been scheduled to be considered by the Oregon Fish and Wildlife Commission on December 6 and the Washington Fish and Wildlife Commission on December 13-14.

Commissioners discussed staying on the PRC schedule versus a two-meeting process with a briefing of the PRC recommendation at the December meeting in Bellingham with public comment and no decision to be made, with a final decision at the January meeting in Olympia. Outreach to the Tricities and Vancouver areas will be discussed with staff. A decision on how to proceed was deferred to the Future Meeting Planning agenda item on Saturday.

Chair Carpenter reported that the Fish committee staff briefed them on the items to be discussed on the Commission agenda. Willapa Bay Comprehensive Review, and its delay until next June. The March PRC Commission motion and process improvement. The committee would like to have a conference call before the next in person Commission meeting.

Commissioner Thorburn reported that the Wolf committee reviewed the post recovery plan scoping results to date and discussed strategic approach to the scheduled December 1 meeting with the Governor's office. The Wildlife committee discussed cougar management- and provided the new commissioners a land acquisitions process review.

Commissioners requested a briefing on hunting contests at the February 2020 Commission meeting.

Vice Chair Baker reported that the Big Tent discussed strategic planning and agenda setting. Out of that discussion in strategic planning, commissioners will be able to provide feedback before the June 2020 deadline. The committee had the following recommendations for agenda setting:

- Move the meeting from Ocean Shores to Aberdeen.
- Swap Sept/Oct locations so that Sept is in Olympia, and October is in Colville.
- Move Colville to 10/22-10/24 (a week later than current proposal). This may cause the need to re-jigger conference calls; Nikki Kloepfer was asked to please investigate/resolve.
- Move the December meeting from Mount Vernon to Everett.

The following is the approved 2020 meeting locations schedule. It can also be found [here](#).

January, Olympia	July, Aberdeen
February, Olympia	August, No physical meeting
March, Tricities	September, Olympia
April, Olympia	October, Colville
May, no physical meeting	November, no physical meeting
June, Yakima	December, Everett

preceding possible cougar rule changes that the commission will be considering in March and April. It also raised issues about reviewing and revising the cougar management chapter in the game management plan if the Commission was interested in more changes than the limited flexibility currently allowed in adopting changes to 2020 hunting regulation changes.

The following people provided comments:

Bob McCoy

The Commission supported the staff initiating a review of the cougar management chapter in the game management plan, with recognition that the time frame involved would extend well beyond the March and April hunting rule changes for 2020; the Commission also asked that the staff include in their analysis of options for hunting rule changes in 2020 the proposal brought forward by the "Coalition" of interests at the March Commission meeting in March as well as a seasonal approach with no quota.

#### **14. Implementation of House Bill 1579, and Freshwater Gamefish Rule Housekeeping - Briefing, Public Hearing**

Steve Caromile, Inland Fish Program Manager, and Craig Burley, Fish Management Division Manager provided the Commission a briefing on rules liberalizing bag limits for walleye, bass, channel catfish, and freshwater gamefish in order to reduce the predation risk to salmon smolts proposed in response to HB 1579.

The following people provided comments:

Phil Martin	Steve Lebsack
Marc Wallace	Joel Nania
Randy Thompson	Peter Koshi
William Moffett	

The Commissioners asked that staff engage in a partnership with the sports fishing community to find alternatives to slot and/or bag limits as well as the list of lakes, ponds and reservoirs. Alternatives will be presented at the December meeting with public comment.

#### **15. Future Meeting Planning**

Commissioners discussed upcoming meeting agendas.

Commissioner McIsaac supported the draft agenda for the November 1 conference call and provided suggested changes to the year-at-a-glance.

Commissioners agreed that there will be a briefing on the November 18 PRC recommendation at the December meeting with public comment, but that no decisions would be made at that time on changes to current policy, and from there decided appropriate action moving forward in scheduling a decision.

Vice Chair Baker reiterated the Big Tent committee 2020 meeting schedule locations for Commissioner Graybill:

#### **16. Miscellaneous and Meeting Debrief**
