**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** This emergency rule closes harvest of green sea urchins in Marine Fish-Shellfish Management and Catch Reporting Areas 23B, 25A, 25B of District 2 because the quota for green sea urchin in these areas has been reached. Harvestable surpluses of sea urchin exist in the districts specified to remain open. There is insufficient time to adopt permanent rules.
