EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is necessary to close fishing in the Quillayute River and its tributaries. Early season abundance indicators confirm the returning Quillayute River wild coho salmon run is below harvestable levels. This conservation measure is necessary to allow more fish to reach the spawning grounds in order to meet wild escapement goal. There is insufficient time to adopt permanent rules.
