EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed to close the commercial fishery in Willapa Bay Salmon Management and Catch Reporting Areas 2N, 2M, 2T, 2U and 2R. Natural coho salmon returning to tributaries of Willapa Bay have been significantly lower than preseason predictions. Managers will continue to assess coho returns and re-open if warranted. There is insufficient time to adopt permanent rules.
