Chinook		Coho		
clipped	not clipped	clipped	not clipped	
				Under 16"
				Over 16"

Released Fish

		Chinook		Coho		
		clipped	not clipped	clipped	not clipped	
Legal Size						Over 16"
						Under 16"
Sub-legal						

Unknown Salmon

--

- 1) Use one form per fishing trip. All anglers on a boat can use one form. Please document EVERY hookup, even if the fish is small or gets away.
- 2) **Target Species:** Circle which salmon species you are targeting. If you are hoping to catch any legal/open season salmon species, select "ALL SALMON"
- 3) **Date:** Record the date you are fishing (month/day/year)
- 4) **Marine Area:** Record the Marine Area (5 through 13) you are fishing. Start a new form if you fish more than one Marine Area in a day.
- 5) **Angler Name/Wild ID:** Record your name and Wild ID #. This number is located at the top of your fishing license. This information allows someone to contact you in case of any questions.
- 6) **Species Hooked:** Please record a tally mark in the box associated with each fish you caught, either kept or released, indicating the species, size (Legal/Sub-legal (undersized)), and whether it is adipose fin- clipped or not clipped.
- 7) **Unknown Salmon:** Record a tally mark for each unknown salmon species caught and released.
- 8) **The sooner we receive your data the better** as this information is used for fisheries management.

The preferred method is to submit this information online at str.wdfw-fish.us/home. If you complete an online form, please *do not* mail in the paper form. You can also take a photo and email it to VTR@dfw.wa.gov or hand a completed form to a fisheries sampler if there is one at your location. Otherwise, fold this sheet in thirds, tape it with the address side out and drop it in the mail. No staples please.

Note that this information is used to estimate the *proportion* of each of the four size and clipped status categories and is not a duplication of any information you may have provided a fisheries sampler or recorded on your catch record card.

If you have any questions please contact Ann Stephenson at Ann.Stephenson@dfw.wa.gov or 360-902-2739. THANK YOU for your participation.

This trip report form will assist WDFW in the management of its selective fisheries by providing data on species encountered, mark status and sizes of salmon that are encountered.

THANK-YOU for Participating!

Before mailing, please fold so that the address shows on the front. No postage is necessary.
