Morgan Dorner, Ecology SEPA coordinator:

In response to stormwater concerns, WDFW provides the following response.

BMP's and erosion control measures will be used to prevent stormwater from impacting waters of the state. WDFW does not believe this project requires a Construction Stormwater General Permit.

Thank you!

Morgan Dorner, Ecology SEPA coordinator:

Thank you for the comments. WDFW is working with Eva Barber to properly sample the site for potential smelter soil contamination. Results will be shared.

Thank you!
