Chair Carpenter called the meeting to order at 8:00 a.m.

1. Call to Order
   a. Commissioners’ Discussion
      Commissioner Anderson is out of the country from January 15-23, 2022.

   b. Meeting Minute Approval
      The Commission considered approval of the December 2-3, 2021, draft webinar minutes.

      Commissioner Thorburn made motion, seconded by Commissioner Smith, to approve the minutes of the December 2-3, 2021, webinar as presented. All in favor. Motion passes.

   c. Committee Reports - This Section constitutes the formal minutes from each of the listed committee meetings:

Wildlife Committee
Commissioners in attendance: Committee members: Linville, Smith, Anderson, Thorburn, and Commissioner McIsaac
Commissioner Thorburn reported that the committee was provided a season setting update. Staff provided an update on the implementation of the new grazing program rules, policies, and monitoring. Commissioner Thorburn also reported that staff provided a Cougar Proviso update. The presentations and materials provided to the committee can be accessed here.

Habitat Committee
Commissioners in attendance: Committee members: Linville, Smith, Anderson, and Commissioner McIsaac
Vice Chair Linville reported that staff reported on the status of fish passage rule-making, the updating of infrastructure as it needs to be updated, and the relationship between the RCW's and HPA authorities. The committee was also provided an overview by staff from the Ecosystem Service Division on how the agency engages in land use planning and implementation to protect species and their habitats. Commissioner Smith added that there was conversation around bridging the gap between the PHS process and local government planning authorities. The presentations provided to the committee can be accessed here.
Fish Committee
Commissioners in attendance: Committee members Carpenter, Anderson, McIsaac, and Commissioner Smith
Commissioner McIsaac reported that the committee primarily discussed the Willapa Bay agenda item. The committee did ask the staff to come back to February committee meeting with a revised schedule, process, and policy options.

The committee recommended that the commission support excusing staff from presenting a Willapa Bay Annual Report at the February commission meeting and roll over the Willapa interim policies from 2021 to 2022, for North of Falcon negotiations, unless the forecast comes in with significant levels in which we delegate to the director to consider seasons different from the policy guidance and have the director inform the commission about the changes.

The Commercial logbook program will be moved to the February Fish committee agenda. The presentations and materials provided to the committee can be accessed here.

Joint State Columbia River Salmon Fishery Policy Committee
Commissioners in attendance: Committee members Carpenter, Anderson, McIsaac, Baker and Commissioners Smith and Linville
Commissioner McIsaac reported that the meeting was held December 20 via Zoom. The committee discussed fisheries management balance and allocation, conservation and recovery, and reviewed the draft implementation provision language. If both sides can reach agreement on the issues, it will be brought to both states commissions for review. The next meeting is scheduled for February 16 from 2-5pm.

Wolf Committee
Commissioners in attendance: Committee members: Linville, Smith, Anderson, Thorburn, and Commissioners McIsaac
The University of Washington (UW) modeling team and DFW staff facilitated a discussion on the questions, metrics, thresholds, and limitations to consider when the Wolf Recovery Population model is presented to the full commission in February. Dr. Sarah Converse facilitated led the discussion about risk perception and tolerance that will influence decision making about status. The UW team will circulate a ranking form to the committee as previously addressed after the meeting.

Commissioner Thorburn provided a report out on her experience with Winter WAFWA. She expressed interest in the commissioner manual provided by AFWA’s Commissioner committee. She will share with the rest of the commission. Commissioner Anderson asked for a hard copy to be mailed to him.

   Staff will provide forecast sheets and any remaining documentation to Nikki to post on the Commission website and provide to the commission.

   The Commission supports updates on the issue through the Fish committee.

9. **Miscellaneous and Meeting Debrief**
   Commissioner McIsaac inquired about the Blue Mountain Elk briefing in March. He recalls it is to be held as a briefing at the March meeting. The December minutes reflect it will go to the Wildlife committee in March and then presented to the Commission later in the summer.

   Chair Carpenter announced that commission meetings will continue to be virtual through June when hybrid meetings will be reevaluated.

   Commissioners voiced concern about the limited availability of public comment opportunities and asked that it be reevaluated for future meetings. Commissioner Anderson expressed that the quality of the public input is just as important as the quantity.

   Commissioner Thorburn asked the agency look into why the Game Management Advisory Council (GMAC) is still inactive since the start of COVID and requests that it get up and running again as it is a critical voice bridged between the public and the agency. She also requested that a copy of the year-at-a-glance be emailed to her as she was unable to open the link provided.
Vice Chair Linville requested that agenda setting for agendas be communicated to the commission to enhance understanding of the process.

Commissioner McIsaac presented a blue sheet on pound nets for consideration at the February or March meeting.

**Commissioner McIsaac made a motion, seconded by Commissioner Thorburn to accept the blue sheet on pound nets as presented by Commissioner McIsaac. All in favor. Motion passes.**

Chair Carpenter suggested a future retreat to discuss the public comment process and agenda setting.

Commissioner Thorburn asked who the questions on the Governors Salmon Budget Recovery Package and pound net blue sheet will go to. Nikki will coordinate and accept questions to relay to staff.

Deputy Director Windrope captured the following actions from the meeting:
- Email update from the director to the commission RE: Pacific Commission fund and C-3624 co-Manager hatchery progress.
- The idea of a retreat, public comment concerns, and questions about process with the Governors Salmon bundle will be taken up at the Executive committee.

Commissioner Anderson requested that follow up actions from Executive committee be shared with the full commission.

Commissioner Thorburn suggested that she meet with the Wildlife program director and deputy director to discuss upcoming agenda items for the Wildlife committee. Nikki will coordinate the logistics.
