Hello,

Thank you for your comments on the SEPA DNS (23-004) for the Shillapoo Wildlife Area Maintenance Project. WDFW's response to Clark County's comment is provided below:

WDFW will coordinate with Clark County staff and seek permit authorizations for the following: shoreline exemption, floodplain inquiry, and geological hazard as discussed during the preapplication conference (PAC-2022-00236) and summarized in the conference report.

Thank you for your time and please let me know if you have any further questions or would like further clarification.
