Hello ECY,

We have received your SEPA comment for the WDFW Fallert Creek Intake Downstream Stabilization project for SEPA # 202302192. Our responses to your comments are listed below by topic:

- Solid Waste Management – It is WDFW’s intention to only use clean fill.
- Water Quality/Watershed Resources Unit – Best Management Practices (BMP’s) for water quality will be implemented prior to construction.
- Construction Stormwater General Permit – WDFW will follow ECY’s Stormwater Management Manual for Western Washington (SWMMWW) for any stormwater related design and construction activities at the proposed construction site and be in compliance with any additional local, state, and federal regulations and permit requirements for stormwater related activities for the proposed project.

Sincerely,

Frank Stevick
