

Native Plant List for Bat Habitats

STATEWIDE

- Flowering current (*Ribes sanguineum* & *Ribes aureum*)
- Mock orange (*Philadelphus lewisii*)
- Trillium: coast trillium (*Trillium ovatum*) and sweet trillium (*Trillium albidum*)
- Clustered wild rose (*Rosa pisocarpa*)
- Nootka rose (*Rosa nutkana*)
- Serviceberry (*Amelanchier alnifolia*)
- Woolly sunflower (*Eriophyllum lantanum*)
- Yarrow (*Achillea millefolium*)
- Tall evening primrose (*Oenothera elata*)
- Long-leaf evening-primrose (*Taraxia subacaulis* & *Taraxia tanacetifolia*)
- Evening primrose (*Oenothera curtiflora*)
- Spreading phlox (*Phlox diffusa*)

EASTERN WASH.

- Tall evening primrose (*Oenothera elata*)
- Common blazing star, blazing star mentzelia (*Mentzelia laevicaulis*)
- White-stem blazing star (*Mentzelia albicaulis*)
- Stemless evening primrose (*Oenothera caespitosa*)
- Pale-stemmed evening primrose (*Oenothera pallida*)
- White sand verbena (*Abronia mellifera*)
- Showy phlox (*Phlox speciosa*)

Snags are standing dead trees in the early stages of decay. Decaying trees let off heat and create crevices bats love.

SNAG SPECIES

- Quaking aspen (*Populus tremuloides*)
- Douglas fir (*Pseudotsuga menziesii*)
- Ponderosa pine (*Pinus ponderosa*)
- Western red cedar (*Thuja plicata*)
- Western hemlock (*Tsuga heterophylla*)
- Mountain hemlock, (*Tsuga mertensiana*)
- Grand fir (*Abies grandis*)

TREE SPECIES

- Douglas fir (*Pseudotsuga menziesii*)
- Ponderosa pine (*Pinus ponderosa*)
- Western red cedar (*Thuja plicata*)
- Quaking aspen (*Populus tremuloides*)
- Oregon white oak (*Quercus garryana*)
