

North Puget Sound - Region 4 Water Access Management Planning

WHAT:

Land and recreation management planning for WDFW water access and fish hatchery lands, which involves approximately 125 water access areas and 16 hatcheries, including nearly 100 boat launches.

WHEN:

2024 - 2025

WHERE:

North Puget Sound - Region 4
King, Snohomish, Skagit, Whatcom, Island, and San Juan counties

WHO:

Tribes, stakeholders, general public, and WDFW staff.

WHY:

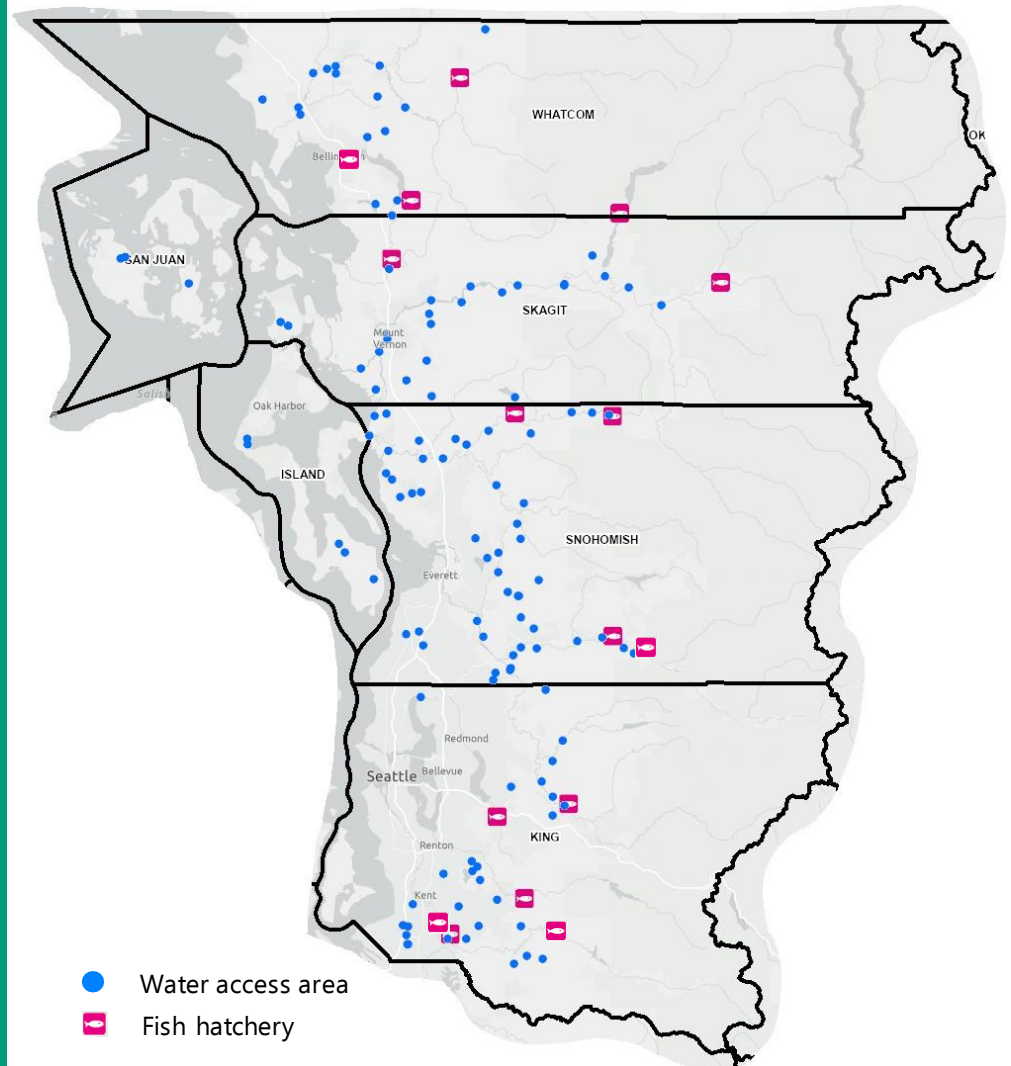

Set management direction for $\approx 2,500$ acres of WDFW-managed lands that provide public access to streams, lakes, and Puget Sound.
