

**Update 4-11-2022**

**These changes highlighted below reflect changes to modeling inputs as of 7:00pm 4-11-2022. These changes primarily affect Coho season length, are being implemented in addition to other changes (both Treaty and Non-treaty) to reach management objectives on several stocks, including Stillaguamish, Snohomish, Nisqually, and Skokomish.**

Several changes are being proposed to the Puget Sound Recreational Fishing package since initial model runs. These changes affect Marine Areas 7, 9, 10, and 8-1. There are no changes proposed to MA's -5, -6, -11, -12, or -13. **There is now a minor change to 8-2, highlighted below.**

Summer fisheries in MA-7 and MA-9 are now proposed to open for 3 days per week (Thu-Sat) during the month of July starting July 14 – 16 and additional days will be considered based on in-season updates on available quota. MA-7 will open August 15 – September 25 for coho retention. MA-9 is proposed to open for sequential 3-day openers on July 14<sup>th</sup> – 16<sup>th</sup>, July 21<sup>st</sup> – 23<sup>rd</sup>, and then is proposed to open continuously on July 28<sup>th</sup> - **September 25<sup>th</sup>** for coho retention. Marine Area 8-1 is now proposed to open from August 1<sup>st</sup> – **October 9<sup>th</sup>** for Coho retention.

In the winter fisheries, the new proposed season does not include an MA-7 winter season in February, which was removed to make space for the July 3-day openers and to conserve impacts. The MA-10 winter fishery is now proposed to be open from February 1<sup>st</sup> – March 31<sup>st</sup>.

Marine Area	Originally Proposed Season	Updated Proposed Season
MA-7 Summer	<b>Chinook:</b> MSF Aug 16 – Sep 30  <b>Coho:</b> MSF Aug 16 – Sep 30	<b>Chinook:</b> MSF July 14 – 16. Additional openings possible based on in-season updates.  <b>Coho:</b> MSF July 14 – 16. Additional openings possible based on in season updates. MSF Aug 16 – Sep 30.
