“GREEN SHEET”

Meeting dates: March 2, 2012, Conference Call

Agenda item A: Puget Sound Recreational Clam and Oyster Season Changes – (Rule Adoption)

Staff Contact: Rich Childers, Puget Sound Shellfish Manager, Fish Program

Presenter/s: Rich Childers, Puget Sound Shellfish Manager, Fish Program

Background:

Changes to the recreational clam and oyster seasons on Puget Sound public beaches are recommended annually in order to maximize recreational opportunity while preventing overharvest of the state shares. Season changes are recommended based on the results of annual clam and oyster population surveys, expected recreational effort, and the frequency of low tides. For 2012, staff are recommending clam and oyster season changes to 10 public beaches. Of the 10 proposed changes, two beaches will have longer seasons compared to 2011, six will have shorter seasons, one beach will have the same season through a permanent rule rather than emergency rule, and one beach is recommended for a shift in the season timing. Specific changes for each of the 10 beaches are attached.
