

Agenda Item 15

Importation and Retention of Dead Nonresident Wildlife

WAC 232-12-021

Rule Adoption

Importing Harvested Wildlife

- **The Commission has adopted restrictions pertaining to harvested cervids that come from states that have chronic wasting disease (CWD) in their wild populations.**
- **Propose adding Texas and Missouri to the list of states and provinces requiring additional steps for processing before bringing harvested animals to WA.**

Floor Change

- Add Pennsylvania to the list.
- CWD was detected in 3 deer from 2 counties harvested during the 2012 hunting season.

Washington Dept. of Fish & Wildlife
Information subject to change and
amendment over time.
