

Summary

Meeting dates: March 18, 2017

Agenda item: North of Falcon In-Season Management – Briefing

Presenter(s): Kyle Adicks, Intergovernmental Salmon Manager, Fish Program
Pat Pattillo, Recreational Fishing Advisor
George Harris, President of Northwest Marine Trade Association

Background summary:

The Commission will receive a briefing from Department staff and representatives of the recreational fishing community/industry on the in-season management of salmon fisheries, primarily related to recreational mark-selective fisheries for Chinook in Puget Sound. The presentation will include a brief history of Chinook mark-selective fisheries in Puget Sound, management of those fisheries and concerns with that management, and ideas/alternatives for different approaches in the future.
