

Summary

Meeting dates: September 8-9, 2017

Agenda item: Enforcement Program Update – Community Outreach

Presenter(s): Deputy Chief Mike Cenci and Becky McRoberts, Community Outreach Liaison

Background summary:

The Enforcement Program will introduce their new Community Outreach Liaison and brief the Commission on the efforts underway to strengthen partnerships. They will describe multiple projects and initiatives with positive tangible results. The agency has a strong interest in expanding citizen awareness and support from a larger constituency base than it currently relates to. The goal is to establish a sustained foundation from which to mobilize grassroots action related to policy/advocacy and education, ultimately ensuring that the program is connected with the changing public and resource based industry values and needs. To that end, a Shared Values Alliance has been formed (SVA).

Policy issue(s) you are bringing to the Commission for consideration:

Briefing only

Public involvement process used and what you learned:

Briefing only

Action requested:

None

Draft motion language:

N/A

Justification for Commission action:

N/A
