2018 Lands 20/20 Proposals

Why?

Agency Mission:

- To protect, restore and enhance fish and wildlife and their habitats.
- To provide sustainable and wildlife-related recreational opportunities.

Why?

"It is therefore the policy of the state to acquire as soon as possible the most significant lands for wildlife conservation and outdoor recreation purposes before they are converted to other uses, and to develop existing public recreational land and facilities to meet the needs of present and future generations."

RCW 79A.15.005

Conserve and restore the diversity of Washington's fish and wildlife species and habitats.

Enhance sustainable fishing, hunting, and other wildliferelated outdoor opportunities.

Improve Management of Current WDFW Lands.

Preserve working lands for agriculture, forestry, and other sectors of the outdoor economy, particularly in rural areas.

WDFW Land Acquisition Principles

- Partnerships
- Best Conservation Alternative?
- Conservation easements?
- Long-term opportunities and ecological values
- Larger, contiguous
