#### PERMIT ISSUANCE PROCEDURE

(28) Auction permits: The director will select a conservation organization(s) to conduct annual auction(s). Selection of the conservation organizations will be based on criteria adopted by the Washington department of fish and wildlife. Big game and wild turkey auctions shall be conducted consistent with WAC 220-412-060.

(29) Raffle permits: Raffle permits will be issued to individuals selected through a Washington department of fish and wildlife drawing or the director may select a conservation organization(s) to conduct annual raffles. Selection of a conservation organization will be based on criteria adopted by the Washington department of fish and wildlife. Big game and wild turkey raffles shall be conducted consistent with WAC 220-412-040.

(30) Special incentive permits: Hunters will be entered into a drawing for special deer and elk incentive permits for prompt reporting of hunting activity in compliance with WAC 220-413-100.

(31) For permit hunts where the permittee may harvest multiple species, the permittee must select the species he/she wants to hunt within fourteen days of notification of being selected.

#### QUALIFICATIONS FOR PARTICIPATION AND REQUIREMENTS:

(32) Permittees shall contact the appropriate regional office of the department of fish and wildlife when entering the designated hunt area or entering the region to hunt outside the general season.

(33) The permittee may be accompanied by others; however, only the permittee is allowed to carry a legal weapon or harvest an animal.

(34) Any attempt by members of the permittee's party to herd or drive wildlife is prohibited.

(35) If requested by the department, the permittee is required to direct department officials to the site of the kill.

(36) The permit is valid during the hunting season dates for the year issued.

(37) The permittee will present the head and carcass of the big-horn sheep killed to any department office within seventy-two hours of date of kill.

(38) The permittee must abide by all local, state, and federal regulations including firearm restriction areas and area closures.

(39) Hunters awarded the special incentive permit will be required to send the appropriate license fee to the department of fish and wildlife headquarters in Olympia. The department will issue the license and transport tag and send it to the special incentive permit winner.

# ATTACHMENT A

## **220-412-070 Big game and wild turkey auction, raffle, and special incentive permits.**

### **Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

This rule codifies the locations, restrictions, and legal bag limit for auction, raffle and special incentive permits.

The proposal clarifies language on those auction and raffle tags that include elk hunting. The proposed language clarifies where the auction, raffle, and incentive permits can be used and which animals are legal for harvest.

### **Reasons supporting proposal:**

This proposed clarifies where and how auction, raffle, and special incentive permits can be used which make them easier to understand for the users and also provides clarity to law enforcement.

## **220-413-200 Reducing the spread of hoof disease-Unlawful transport of elk hooves.**

### **Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

This rule is an attempt to reduce the potential risk of inadvertently spreading the causative agents of treponeme associated hoof disease (TAHD) in elk.

New Game Management Units (GMUs) are being proposed in which transport of elk hooves from harvested elk would be restricted. These new GMUs include 407, 418, 437, 633, and 636. The rule does allow, under certain circumstances, the legal transport of elk hooves coming from GMUs with TAHD to facilitate research by the Department.

### **Reasons supporting proposal:**

This proposal adds GMUs where transport of elk hooves will be restricted in order to reduce the potential risk of the disease spreading.

## **220-415-080 2017 and 2018 Spring black bear seasons and regulations.**

### **Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The proposal is intended to establish harvest guidelines for 21 spring bear hunts around the state during 2018. The proposal will: 1) remove the 2017 season from the current rule, 2) extend the season ending date to June 15 for GMUs 154, 162, 166, 169, 172, 175, 181, and 186, and 3) remove the Monroe hunt area. The anticipated effects include mitigation of nuisance and damage activity while providing distributed recreational hunting opportunities within harvest management levels described in the 2015-2021 Game Management Plan.

### **Reasons supporting proposal:**

Spring bear seasons are typically used to address specific management needs such as nuisance and damage to property, and improve distribution of harvest. These amendments will remove a hunt area where the Department no longer requires removals to mitigate damage because damage occurrences have diminished. Additionally, the amendments will extend season dates by 15 days in areas where the Department has determined there is a need to use hunting pressure to mitigate damage and improve distribution of harvest and further minimize confusion for those who are permitted to participate in WDFW's Region 1.
