EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Restrictions in Areas 3 and 4 are implemented to keep impacts within pre-season planning limits for Puget Sound Chinook. A harvestable quota of salmon is available for the troll fleet. Restrictions in Areas 1 and 2 are implemented to not exceed the spring quota. These rules are adopted at the recommendation of the Pacific Fisheries Management Council, in accordance with preseason fishing plans. There is insufficient time to adopt permanent rules.
