EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: An emergency regulation is needed due to recent communication with affected fishers that indicated new permanent regulations limiting allowable fishing periods would not be put into effect until August 4, 2014. This emergency regulation will result in one additional allowable fishing day (August 3, 2014), after which the permanent regulation will be in effect with fishing allowed from 6 a.m. to 10 p.m. Monday through Thursday during seasonal openings.
