**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Water levels in the lake have been drawn down and fish are concentrated in small pools. Leaving the lake open will be detrimental to the fish communities in these small pools. The lake is being closed to prevent excessive harvest of the fish in the lake and to improve the quality of the fishery after the lake refills. The lake will re-open once lake levels are sufficient to sustain a fishery. There is insufficient time to adopt permanent rules.
