EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Upper Wheeler Reservoir is owned and operated by the Wenatchee Heights Reclamation District (WHRD) and has been closed to public access. Washington Department of Fish and Wildlife has made arrangements with WHRD and the Wenatchee Valley Fly Fishers (WVFF) to grant public access to recreational anglers under "Fly Fishing Only" regulations. The agreement includes fish stocking and a land-use agreement by WDFW, and site maintenance by the WVFF. This rule is interim until permanent rules take effect July 1, 2015.
