

RULE-MAKING ORDER

CR-103E (July 2011) (Implements RCW 34.05.350)

Agency: Washington Department of Fish and Wildlife

Emergency Rule Only

	Emergency Rule Only	
Effective date of rule: Emergency Rules 15- 292 Immediately upon filing. Later (specify)		
Any other findings required by other provisions of law as precondition Yes No If Yes, explain:	n to adoption or effectiveness of rule?	
Purpose: This emergency rule will allow non-treaty commercial fishing op fish listed as threatened or endangered under the Endangered Species Act governing Washington's relationship with Treaty Indian Tribes, federal law and Washington Fish and Wildlife Commission policy guidance for Columbia	. This rule implements federal court orders governing Washington's relationship with Oregon,	
Citation of existing rules affected by this order: Repealed: WAC 220-33-01000V Amended: WAC 220-33-010 Suspended:		
Statutory authority for adoption: RCW 77.04.012, 77.04.020, 77.04	.130, 77.12.045, and 77.12.047	
Other authority: United States v. Oregon, Civil No. 68-513-KI (D. Or.), Common Management Agreement (Aug. 12, 2008) (Doc. No. 2546); Northwest Gillner 800 (1981); Washington Fish and Wildlife Commission policies concerning River Compact).	etters Ass'n v. Sandison, 95 Wn.2d 638, 628 P.2d	
EMERGENCY RULE		
 Under RCW 34.05.350 the agency for good cause finds: That immediate adoption, amendment, or repeal of a rule is nece safety, or general welfare, and that observing the time requireme adoption of a permanent rule would be contrary to the public intel. That state or federal law or federal rule or a federal deadline for sadoption of a rule. That in order to implement the requirements or reductions in apple 2009, 2010, 2011, 2012, or 2013, which necessitates the need for of a rule, and that observing the time requirements of notice and permanent rule would be contrary to the fiscal needs or requirements. 	nts of notice and opportunity to comment upon est. tate receipt of federal funds requires immediate opportations enacted in any budget for fiscal year or the immediate adoption, amendment, or repeal opportunity to comment upon adoption of a

WAC 220-33-01000W Columbia River season below Bonneville.

Notwithstanding the provisions of WAC 220-33-010, it is unlawful for a person to take or possess salmon for commercial purposes from Columbia River Salmon Management and Catch Reporting Areas (SMCRA) 1A, 1B, 1C, 1D, and 1E, except as provided in this section.

(1) Mainstem Columbia River

- (a) SEASON: 2:00 AM to 6 AM Monday August 31, 2015
- (b) AREA: SMCRA 1D, 1E. The deadline at the lower end of SMCRA 1D is defined as a straight line projected from the Warrior Rock Lighthouse on the Oregon shore easterly through the green navigation buoy #1 and continuing to the Washington shore.
- (c) GEAR: Drift gillnets only. 9-inch minimum mesh size.
- (d) SANCTUARIES: Washougal and Sandy Rivers.
- (e) ALLOWABLE POSSESSION: Chinook, Coho, Pink and Sockeye salmon and shad.

(2) Deep River Select Area.

- (a) SEASON: Open hours are 7 PM to 7 AM through Sept. 12 and 6 PM to 9 AM thereafter.
 - (i) Monday, Tuesday, Wednesday, and Thursday nights August 31 September 4, 2015
 - (ii) Monday, Tuesday, Wednesday, Thursday and Friday nights September 7 26, 2015
 - (iii) Monday, Tuesday, Wednesday, and Thursday nights Sept. 28 October 16, 2015
 - (iv) 6 PM Monday October 19 to 9 AM Tuesday October 20, 2015
- (b) AREA: The Deep River Select Area. Concurrent-jurisdiction waters extend downstream of the Highway 4 Bridge.
- (c) GEAR: Gillnet. Monofilament gear is allowed. 9¾-inch maximum mesh size through September 12 and 6-inch maximum mesh thereafter. Net length: 100 fathoms maximum. No weight restriction on the lead line. Use of additional weights or anchors attached directly to the lead line is allowed. Nets may not be tied off to stationary structures. Nets may not fully cross the navigation channel. It is unlawful to operate in any river, stream or channel any gillnet gear longer than three-fourths the width of the river, stream, or channel. "River, stream, or channel width" is defined as bank-to-bank, where the water meets the banks, regardless of the time of tide or the water level. This emergency provision supersedes the permanent rule and all other rules that conflict with it.

(3) Tongue Point/South Channel Select Area.

(a) SEASON: Open hours are 7 PM to 7 AM through Sept 11, 2015, and 4 PM to 10 AM thereafter. Open days are Monday, Tuesday, Wednesday, and Thursday nights immediately through September 18, 2015, and Sunday, Monday, Tuesday, Wednesday, and Thursday nights from September 20 through October 30, 2015.

- (b) AREA: Tongue Point and South Channel. All waters in this fishing area are concurrent-jurisdiction waters.
- (c) GEAR: Gillnet; 6-inch maximum mesh. Net length: 250 fathoms maximum.
 - (i) Tongue Point fishing area: weight not to exceed two pounds in any one fathom. Fishers participating in the Tongue Point fishery may have un-stored gillnets legal for the South Channel fishing area onboard the vessel.
 - (ii) South Channel area: no weight restriction on leadline. Use of additional weights and/or anchors attached directly to the leadline is allowed

(4) Blind Slough/Knappa Slough Select Area.

- (a) SEASON: Open hours are: 7 PM 7 AM through Sept. 11 and 6 PM 10 AM thereafter. Open days are: Monday, Tuesday, Wednesday, and Thursday nights immediately through September 18 and Sunday, Monday, Tuesday, Wednesday, and Thursday nights from September 20 through October 30
- (b) AREA: Blind Slough and Knappa Slough. An area closure of an approximately 100-foot radius at the mouth of Big Creek is in effect. Concurrent jurisdiction waters include all areas in Knappa Slough and downstream of the Railroad Bridge in Blind Slough.
- (c) GEAR: Gillnet. Monofilament gear is allowed. 9¾-inch maximum mesh size. Maximum net length of 100 fathoms. No weight restriction on lead line. Use of additional weights and/or anchors attached directly to the lead line is allowed.
- (5) Additional requirements for all Select Area commercial fisheries:
- (a) Nets not specifically authorized for use may be onboard the vessel if properly stored, consistent with WAC 220-33-001.
- (b) ALLOWABLE POSSESSION: Chinook, Coho, Pink and Sockeye salmon and shad.
- (c) Nets fished any time between official sunset and official sunrise must have lighted buoys on both ends of the net. If the net is attached to the boat, then one lighted buoy on the end of the net opposite the boat is required.
- **Quick Reporting**: This quick-reporting requirement applies to all seasons in this section. <u>24-hour quick-reporting is required</u> for Washington wholesale dealers, as provided in WAC 220-69-240. Columbia River reports must be submitted within 24 hours of the closure of each fishing period.

REPEALER

The following section of the Washington Administrative Code is repealed:

WAC 220-33-01000V Columbia River season below Bonneville. (15-233)

Reasons for finding: Sets an additional mainstem commercial fishing period. Select Area sites remain open. Harvest in the mainstem commercial fishery is less than expected and Chinook remain available for commercial harvest. Harvest estimates are well within ESA limits and sharing guidelines. The seasons are consistent with the *U.S. v Oregon* 2008-2017 Interim Management Agreement and the Fall Chinook Allocation agreement developed through the North of Falcon process. The rule is consistent with Compact Action of July 29 and August 27, 2015. There is insufficient time to adopt permanent rules.

Washington and Oregon jointly regulate Columbia River fisheries under the congressionally-ratified Columbia River Compact. Four Indian Tribes have treaty fishing rights in the Columbia River. The treaties preempt state regulations that fail to allow the Tribes an opportunity to take a fair share of the available fish, and the states must manage other fisheries accordingly. Sohappy v. Smith, 302 F. Supp. 899 (D. Or. 1969). A federal court order sets the current parameters for sharing between treaty Indians and others. United States v. Oregon, Civil No. 68-513-KI (D. Or.), Order Adopting 2008-2017 United States v. Oregon Management Agreement (Aug. 12, 2008) (Doc. No. 2546).

Some Columbia River Basin salmon and steelhead stocks are listed as threatened or endangered under the federal Endangered Species Act. On May 5, 2008, the National Marine Fisheries Service issued a biological opinion under 16 U.S.C. § 1536 that allows for some incidental take of these species in treaty and non-treaty Columbia River fisheries governed by the 2008-2017 <u>U.S. v. Oregon</u> Management Agreement. The Washington and Oregon Fish and Wildlife Commissions have developed policies to guide the implementation of such biological opinions in the states' regulation of non-treaty fisheries.

Columbia River non-treaty fisheries are monitored very closely to ensure compliance with federal court orders, the Endangered Species Act, and Commission guidelines. Because conditions change rapidly, the fisheries are managed almost exclusively by emergency rule. Representatives from the Washington and Oregon Departments of Fish and Wildlife convene public hearings and take public testimony when considering proposals for new emergency rules. WDFW and ODFW then adopt regulations reflecting agreements reached.
