EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Sets an additional mainstem commercial fishing period during the late fall season. Select Area sites remain open. Chinook and Coho remain available for commercial harvest and harvest estimates are within ESA limits and sharing guidelines. The seasons are consistent with the *U.S. v Oregon* 2008-2017 Interim Management Agreement and the Fall Chinook Allocation agreement developed through the North of Falcon process. The rule is consistent with Compact Action of July 29 and October 14, 2015. There is insufficient time to adopt permanent rules.
