**Statutory authority for adoption:** RCW 77.12.047 and RCW 77.04.020

**Other authority :**

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

**Reasons for this finding:** Nearly 52,000 catchable size hatchery rainbows were released into the reservoir in late May. Because of the drought, the boat launch was largely unusable for most of the summer resulting in low harvest rates. The reservoir is now within 10 feet of full pool and the boat launch just recently became usable. By extending the season an additional month we will be providing additional angling opportunity. There is insufficient time to adopt permanent rules.
