EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: The provisions of this rule will maintain the closure date and time for the commercial harvest in Region 2 East and Region 2 West. Landings in Region 3-2 were higher than anticipated, resulting in the need to update the closure date in that Region. We will reach the agreed allocation in all of these Regions at the date and times specified in this emergency rule. There is sufficient allocation in Region 1, Region 3-1 and Region 3-3 for them to remain open. These provisions are in conformity with agreed management plans and addendums with applicable tribes. These management plans are entered into as required by court order. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable Treaty tribes and outlined in the management plans. There is insufficient time to adopt permanent rules.
