Other authority :

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Based on the current harvest estimates 130 adult hatchery Chinook are available to harvest in the Snake River. We anticipate that this additional fishery will utilize the majority of the remaining allotment of harvestable spring Chinook in the Snake River. This emergency rule is needed to open the area for two days while providing additional angling opportunity. There is insufficient time to adopt permanent rules.

NEW SECTION

WAC 220-310-19500L Freshwater exceptions to statewide rules—Snake River.

Notwithstanding the provisions of WAC 220-310-195 and WAC 220-56-180, effective June 12 through June 13, 2016:

(1) A person may fish for and possess salmon in the following waters of the Snake River from Texas Rapids boat launch (south side of the river approximately 3.5 miles upstream of the mouth of Tucannon River) to the fishing restriction boundary below Little Goose Dam. Minimum size for Chinook is 12 inches in length. This zone includes the area between the juvenile bypass return pipe and Little Goose Dam along the south shoreline of the facility (includes the walkway area locally known as “the wall” in front of the juvenile collection facility). Open Sunday and Monday each week. Daily limit of six hatchery Chinook, of which not more than two may be an adult Chinook.

- (a) All Chinook with the adipose fin intact, and all steelhead, must be released immediately, unharmed.
- (b) Hooks must be barbless when fishing for all species during times and in locations open for salmon fishing and retention, and only single barbless hooks are allowed when fishing for sturgeon.
- (c) It is unlawful to use any hook larger than 5/8-inch (point of hook to shank) for all species except sturgeon.
- (d) Night closure is in effect for salmon and sturgeon.
- (e) For all areas open for Chinook, anglers must cease fishing for Chinook when the adult limit has been retained for the day.
- (f) Anglers may possess 1 daily limit in fresh form in addition to the 2 daily limits in fresh form allowed by permanent rule.

REPEALER

The following section of the Washington Administrative Code is repealed June 14, 2016:

WAC 220-310-19500L Freshwater exceptions to statewide rules—Snake River.

EMERGENCY RULE ONLY

Under RCW 34.05.350 the agency for good cause finds:

(x) That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

() That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

() That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal years 2009, 2010, 2011, 2012 or 2013 which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Based on the current harvest estimates 130 adult hatchery Chinook are available to harvest in the Snake River. We anticipate that this additional fishery will utilize the majority of the remaining allotment of harvestable spring Chinook in the Snake River.
