EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Closes the Bonneville Pool and adjacent tributaries for the retention of white sturgeon. The harvest guideline of 325 fish has been reached. Catch and release is allowed during non-retention periods, except within the May-July sturgeon spawning sanctuaries. This emergency rule is consistent with the Joint Washington-Oregon Action of June 22, 2016 and conforms Washington state rules with Oregon state rules. There is insufficient time to adopt permanent rules.
