EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Curl Lake has been utilized by the Washington Department of Fish and Wildlife (WDFW) as an acclimation pond for Endangered Species Act (ESA) Listed Tucannon River spring Chinook salmon. Beginning in 2016, WDFW will also short term acclimate ESA listed Tucannon River steelhead, after the spring Chinook have been released. The additional time needed to acclimate steelhead will delay the stocking of rainbow trout into this body of water by a couple of weeks. There is insufficient time to adopt permanent rules.
