**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: This emergency rule is needed to open an additional day of halibut fishing because sufficient quota remains in the north coast (Marine Areas 3 and 4) and Puget Sound (Marine Areas 5-10). Remaining quota from the Marine Area 1 all depth fishery is available for the nearshore area resulting in sufficient quota to allow halibut retention in the nearshore area seven days per week. These rules conform to action taken by the Pacific Fishery Management Council and the International Pacific Halibut Commission. There is insufficient time to adopt permanent rules.
