EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is necessary because of the very limited allowable impacts to Endangered Species Act listed upper Columbia River steelhead. The whitefish season in the Methow River from Gold Creek to the Twisp River has a high steelhead encounter rate. Closing this section of the Methow River provides greater assurance the other whitefish seasons will remain open as long as possible. There is insufficient time to adopt permanent rules.
