EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency regulation is necessary to provide a technical change that clarifies that a reduced number of crab pots are allowed and that excess crab pot buoy buoy tags assigned to coastal Dungeness crab licensees be maintained onboard participating vessels during the Columbia River, Coastal, and Willapa Bay commercial Dungeness fisheries until the northern coastal crab fishery begins at 8:00 am January 25, 2018. There is insufficient time to adopt permanent rules.
