Other authority:

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The provisions of this rule will maintain the opening of all commercial crab harvest areas in Puget Sound with the exception of Region 2 East. Region 2 East will close at 5:30 pm, January 16, 2018 when landings are projected to reach the full State allocation. There is sufficient allocation available in all of the other commercial regions to accommodate a continued fishery. These provisions are in conformity with agreed management plans with applicable tribes. These management plans are entered into as required by court order. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable Treaty tribes and outlined in the management plans. There is insufficient time to adopt permanent rules.
