EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This corrects the previous emergency rule to now allow retention of hatchery jacks for the 2018 spring recreational salmon season in the Columbia River and ensures rules are consistent with the Compact Action of February 21, 2018. There is insufficient time to promulgate permanent rules.
