EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed because there is sufficient room under the Chinook guideline to allow anglers the harvest of an additional fish with little danger of shortening the season. The changes to the Chinook fishery are consistent with conservation objectives and agreed-to management plans. There is insufficient time to adopt permanent rules.
