**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** The current projection for landed catch and total Chinook encounters based on dockside sampling is projected to reach or exceed the co-manager agreed to Chinook impacts identified in the pre-season guideline, therefore it is necessary to close the salmon fishery in Marine Catch Record Card Area 6 effective midnight April 8, 2018. There is insufficient time to adopt permanent rules.
