**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: These emergency rules are needed to amend recently filed permanent rules (WSR 18-06-045) which were filed on March 1, 2018 by the department and inadvertently took effect April 1, 2018. The effective date needed to be July 1, 2018 to remain consistent with the Washington Sport Fishing Rules Pamphlet.

- (1) It is unlawful to fish for, take, or possess salmon from freshwater streams and lakes that are not specifically listed as open for salmon fishing.
- (2) Waters listed as open during a specific date range that do not reference a particular species are open during the date range for game fish only.
- (3) Rivers, streams, and beaver ponds are closed to fishing unless specifically listed as open.
- (4) All limits are daily limits, unless otherwise provided.
- (5) Within Puget Sound, beaver ponds located within or adjoining streams that are listed as open to trout and other game fish follow the same rules as the stream, except as otherwise provided.
- (6) It is permissible to retain up to two hatchery steelhead in waters where the season is open for game fish or salmon in WAC 220-312-020 and 220-312-040, unless explicitly listed as closed to hatchery steelhead in WAC 220-312-020 and 220-312-040.
- (7) A "float" or "bobber" means a hookless, floating device that is attached to or slides along the mainline or leader above the hook(s) for the purpose of suspending hook(s) (which are not part of the bait, lure, or fly) off the bottom of the stream or lake and visually signal (from the surface of the water) a fish's strike at the hook(s).
- (8) "Lead jig" means a lure consisting of a hook permanently or temporarily attached directly to a lead weight by any method.
- (9) "Lead weight" means material constructed of lead and applied to a fishing line or lure and designed to help keep the hook, bait, or lure underwater.

- (12)(a) A violation of this section through WAC 220-312-060 is an infraction, punishable under RCW 77.15.160, unless the person has harvested fish. If the person has harvested fish, the violation is punishable under RCW 77.15.380 Unlawful recreational fishing in the second degree—Penalty, unless the fish are taken in the amounts or manner to constitute a violation of RCW 77.15.370 Unlawful recreational fishing in the first degree—Penalty.
- (b) Freshwater terminal gear restrictions:
  - (i) Terminal gear restrictions apply to all species, including salmon, unless otherwise provided.

(ii) In all waters with freshwater terminal gear restrictions including, but not limited to, night closures, selective gear rules, whitefish gear rules, single-point barbless hooks required, fly-fishing only, and anti-snagging rules, violation of the gear rules is an infraction, punishable under RCW 77.15.160.

(iii) It is unlawful to possess fish taken with gear in violation of the freshwater terminal gear restrictions. Possession of fish while using gear in violation of the freshwater terminal gear restrictions is a rebuttable presumption that the fish were taken with such gear. Possession of such fish is punishable under RCW 77.15.380 Unlawful recreational fishing in the second degree—Penalty, unless the fish are taken in the amounts or manner to constitute a violation of RCW 77.15.370 Unlawful recreational fishing in the first degree—Penalty.

- (1) "Anadromous game fish" means steelhead, sea-run cutthroat trout, and sea-run Dolly Varden and bull trout.
- (2) "Anti-snagging rule" means:
  - (a) Except when fishing with a buoyant lure (with no weights added to the lure or line) or trolling from a vessel or floating device, terminal fishing gear is limited to a lure or bait with one single point hook.
  - (b) Only single point hooks measuring not more than 3/4 inch from point to shank may be used and all hooks must be attached to or below the lure or bait.
  - (c) Weights may not be attached below or less than 12 inches above the lure or bait.
- (3) "Bait" means any substance which attracts fish by scent or flavors. Bait includes any lure which uses scent or flavoring to attract fish.
- (4) "Barbless hook" means a hook on which all barbs have been deleted when manufactured or filed off or pinched down.
- (5) "Bass" means largemouth and smallmouth bass.
- (6) "Bow and arrow fishing" means any method of taking, or attempting to take, fish by the use of an arrow equipped with a barbed head and a line attached, and propelled by a bow, as in the sport of archery, while the fisher is above the surface of the water.
- (7) "Buoy 10 line" means a true north-south line projected through Buoy 10 at the mouth of the Columbia River. "Buoy 10 fishery" means a fishery between a line in the Columbia River from Tongue Point in Oregon to Rocky Point in Washington and the Buoy 10 line.
- (8) "Buoyant lure" means a lure that floats on the surface of freshwater when no additional weight is applied to the line or lure, and when not being retrieved by a line.

When fishing for bottom fish, "angling" and "jigging" are identical in meaning.

(18) "In the field or in transit" means at any place other than at the ordinary residence of the harvester.
