**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The forecasted abundance of spring Chinook returning to the Chehalis River basin is sufficient to support this fishery. This emergency rule is needed to open this fishery which will provide for additional angling opportunity. There is insufficient time to adopt permanent rules.
