EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: There is sufficient quota remaining for the nearshore recreational Pacific halibut fishery in Marine Area 1 to extend the days per week that the fishery is open from three days per week (Monday through Wednesday) to seven days per week until further notice. This rule conforms to federal action taken by the National Marine Fisheries Service (NMFS) and the International Pacific Halibut Commission (IPHC). There is insufficient time to adopt permanent rules.
